The Owner/Occupier of

EXPLANATORY NOTE TO NOTICE TO ENTER PREMISES UNDER SECTION 35 OF THE CONTROL OF VECTORS AND PESTICIDES ACT.

There are Dengue Fever cases in your neighbourhood. Dengue is caused by a bite from an infected Aedes mosquito. Hence, it is important to reduce the Aedes mosquito population in your area.

2 Our officers have made a few visits to your premises but it was locked. We would need to inspect your premises to ensure that Aedes mosquitoes do not breed in your premises. The presence of Aedes mosquitoes would pose a risk not only to yourself and your family, but also to your neighbours.

3 In light of the above, we have served you a Notice To Enter Premises under Section 35 of the Control of Vectors and Pesticides Act. The inspection is scheduled at the date and time indicated below along with our staff's contact number should you need further clarification or wish to reschedule an inspection.

4 We look forward to your co-operation and support. Thank you.
